For our Client, an important Company, operating in the Welding Industry, working with international customers from Agricultural, Construction, Paving and Lifting sector, we are selecting the

# Welding Coordinator ISO 3834

## Welding Quality Assurance

The position reports to the Quality and Development Manager and will be part of a strategic project referring to the achievement of ISO 3834.

The Welding Coordinator will be responsible for the internal welding processes qualification and welding operators training, he will:

- Approve the feasibility studies of new products and the preliminary welding process design
- Co-develop quality strategic plan and execution on products and manufacturing processes
- Collaborate with the Quality Manager in the definition of the quality KPI

- Supervise the activities of the quality team ensuring their correct execution
- **Share the related results and information with the Quality Manager producing analytical reports**
- Cooperate with Suppliers in order to coach and improve their quality culture

**The ideal candidate has:**

- **An IWE (International Welding Engineer) or IWT (International Welding Technologist) or IWS (International Welding Specialist) documented certification as per the IIW (International Institute of Welding) or EWF (European Welding Federation)**
- Technical background developed in manufacturing industries
- **Good knowledge of ISO 9001:2015 quality system, writing and control of quality system documentation**
- Good knowledge of ISO 3834, Welding Quality Assurance
- **Significant experience within Quality Management system preferably as Supplier Quality Specialist**
- Ability to use technical tools and equipment for quality assurance
- **Knowledge of Quality Methodologies (DFMEA, PFMEA, APQP)**
- Knowledge of Problem Solving tools (8D, Ishikawa, 5why's, Defect Pareto, X-Y matrix)
- **Strong analytical and communication skills, trainer skills**
- Good communication skills in English, both written and spoken – knowledge of German will be considered a plus.
- **Strong analytical and communication skill**

The position requires availability to travel across Europe.

The Company offers:

- A challenging and strategic job in a dynamic and growing organization. The candidate will be a member of the team dedicated to develop the Quality Culture
- Permanent contract
- Salary commensurate with previous experience

Work Location: Provincia di Reggio Emilia
